DMCC

DMCC COFFEE CENTRE

From crop to cup, the DMCC Coffee Centre provides a wide range of services for the entire coffee value chain. It was established in 2019 to act as a driving force in growing the global coffee supply chain and create new trading opportunities. It is situated in the Jebel Ali Free Zone Area (JAFZA), making it a convenient and centrally accessible meeting point for global producers and buyers.

The DMCC Coffee Centre connects the fast growing and high value consumer markets in the Middle East and Europe to some of the world's major coffee producing nations such as Brazil, Colombia, Ethiopia, India, Indonesia, Uganda, Vietnam, and more. With a vision to transform Dubai into the new global hub for coffee, DMCC Coffee Centre benefits a wide range of stakeholders including coffee farmers, exporters, traders, roasters and retailers.

The 15,000 sqm temperature-controlled facility comprises storage, value add and commercial space and offers its members a wide range of services including inbound/outbound logistics support, warehousing, roasting, packaging and distribution services. The facility is equipped with a Specialty Coffee Association (SCA) certified training campus that offers professional courses for baristas and consumers alike in the areas of grading, cupping, roasting and brewing.
