

DMCC welcomes new member companies with networking breakfast in Almas Tower

13 March 2019

DMCC staged an event this morning to welcome a range of new companies that have joined the world's leading free zone in the past six months.

The new members represented several key business sectors such as technology and telecom, precious metals and stones, shipping and logistics, food and agri among others.

Each member company was given the opportunity to take to the event stage, and deliver a briefing on their business and future plans.

An opportunity for new members to meet and engage with the DMCC Leadership Team, the event is part of an ongoing strategy to foster collaboration within the growing free zone.
